Summary: The property consists of over 100 ft. of pristine beach front and running to the south over 400' to a rocky shoreline that could accommodate a dock. The property is elevated at the center of the land and has a completed sea wall, a road from the beach to the southern side of the island, a wooden deck area, steps to the deck area, a water cistern hole which has been dug already, a septic pit, and a boat ramp on the northern side.
