Amenities: Beach Access,Beach Front,Guest House,Hurricane Impact Windows,Luxury Property,Ocean Front,Ocean View.

Summary: In a world where peace and tranquility is more important than ever and sustainability is of paramount importance, we introduce Star Island.

This idyllic 34-acre Private Island is protected by brilliant blue waters filled with an abundance of marine life, is powered via solar energy and has a reverse osmosis water system.

While creating your dream island compound, you will enjoy Starâ€™s main building with its charming 650 sq. ft. apartment, perched atop the cool open-air bar and sprawling entertainment area.

The second sleeping quarters and office has a bathroom, wrap-around porch and sits over an expansive garage and storage area.
