Location: Triana Shores, Harbour Island

Amenities: Beach Access, Beach Front, Luxury Property, Ocean Front, Ocean View.

Summary: Sitting on the south part of the gorgeous 3-mile pink sand beach called "one of The Best Beaches on Earth", Gecko Hill is a 1.5 acre parcel of land loaded with lush native foliage and lots of palms. It features approximately 100 feet of pristine beach frontage and great elevations, making it ideally suited for an oceanfront estate, with multiple guest quarters, or multiple luxury villas.

Gecko Hill is a short golf cart ride to the picturesque Dunmore Town, and its zoning enhances the investment potential of this 600 feet deep beachfront site, for the smart buyer with a vision to craft an extraordinary private residence, low density boutique resort or other development idea.

Enjoy the peaceful beauty of the Reef protected Pink Sand beach, as you feel the warm soft sand between your toes, and the ocean breezes blow through Geckos gentle hills, and mature coconut trees.
