Summary: One-Of-A-Kind! This beautiful home sits on one of the breath-taking indisputably highest elevations of the entire Bahamas, of 230+ feet. One has the most amazing ocean views ever. This dramatically beautiful location had been chosen for being near, but not right at, and high above the Atlantic coast, in avoidance of exposure to the ocean's elements, coupled with a hard-to-match attractiveness of dramatic multi-directional views.. "sunrise to sunset".
