Summary: Designed to last. Townhome feel with the benefits of exclusive condominium living and good governance evident in the immaculate lawns and well maintained exterior & docks. In a land of new builds and high demand for desirable waterfront properties Haven View stands as a testament to thoughtfully designed, wisely oriented architecture. Coastal living demands strong structures angled to take advantage of the views, light and breezes particular to the seasons of the sub-tropics. Haven View occupies some of the highest and most protected waterfront elevations in The Bahamas and offers mesmerising harbour views & sunsets from all 3 levels of its units. Community living and its balance of shared amenities & privacy exemplify Haven View with its staggered units and hedges, separate driveway to the dock slips & 2 entrances to the pool area offset along the west boundary which it shares with the famous landmark The Cloisters on Paradise Island, home of Atlantis and the Four Seasons Ocean Club. 2 dock slips (20' & 60') & a separate storage unit.
