Summary: Yellowbird is a beautiful mix of old and new. A historic, fully refurbished, main house dating back to the 1800s and a more recently built, two-story guest cottage. Yellowbird is furnished and decorated in a casual, shabby chic beach style with weathered and chippy paint finishes, wood floors, and general ease of living. The very private pool and garden are the perfect place to relax and cool off. The beach is an 8-minute walk or a 1-minute golf cart ride away.

The main house has two bedrooms, one with a king bed, the other having two twin-size beds; and two bathrooms. Both bedrooms are tucked up under the eaves and have direct access to the rear veranda with peek a boo harbour views. The cottage includes three separate bedrooms, each with its own private bath and entry. The lower bedrooms in the guest cottage adjoin making a family-friendly suite. The upper bedroom has a harbour view. Additional features include a new kitchen, pool cabana, and generator.

The in-town location affords you the opportunity to feel a part of this special island “you are in the heart of the village here.
