Summary: The housing demand in Abaco is at an all-time high and this stunning 4-plex provides solutions. This 2,000 square foot new construction is outfitted with 4 one bedroom, one-bathroom units. Each 500 square foot unit has open floor plan kitchen/living/dining areas, utility closets, large bathrooms and spacious bedrooms with large closets and storage for linens. It's located in the highly sought-after community of Sweetings Village in the middle of Marsh Harbour, where all of the island's capital and city center has to offer is just short distance away. That's schools, both public and private, grocery stores, commercial offerings, restaurants, and the airport all within minutes of the quiet corner through which this 4-plex is situated. All interiors are complete with just finishing touches and customization left to be done. This is an investor's special and priced to sell!
