View To Summary: Step into the whimsical world of your very own treetop sanctuary, perched among the swaying palms and azure skies of the Bimini Bay Community. This updated two-story treehouse is not just a home; it is a fantastical escape, where magic meets modernity in 1,300 square feet of sheer delight.

Inside, discover a playful fusion of comfort and character. With three bedrooms cleverly tucked away, including a cozy den perfect for daydreaming or late-night movie marathons, there's space for everyone to find their own slice of paradise.

The heart of the home is a vibrant hub of activity and relaxation, where the upgraded kitchen beckons with its gleaming granite countertops and gleaming stainless-steel appliances. Step outside onto the terrace or balcony, where the world opens to you in all its natural splendor. Sip your morning coffee surrounded by the sweet melody of birdsong, or toast to the sunset with a cool drink in hand as the colors dance across the sky. Entertainment is at your fingertips with smart flat-screen TVs and a booming sound bar, ensuring that every movie night or impromptu dance party is filled with laughter and joy.
