Originally built in 2000, the home was refurbished in 2013 and features pickled wood ceilings, a high-pitched roof, granite countertops in the bathrooms and kitchen, with a native cut limestone rock kitchen island & feature wall and ceramic tiles throughout. The upper-level loft is spacious and airy and features a bedroom and study with skylights for lots of natural light. One of the home's most special highlights is a saltwater pool nestled among the property's lush, native vegetation.

Located in the quaint community of Greenwood, Cat Island, the home is just a short walk to a beautiful 10-mile stretch of pink sand beach. Cat Island is well known for its fine scuba diving, kite surfing, snorkeling and an authentic Bahamian "Out Island― experience.
